Academic freedom is the indispensable requisite for unfettered teaching and research in institutions of higher education. As the academic community's core policy document states, "institutions of higher education are conducted for the common good and not to further the interest of either the individual teacher or the institution as a whole.

Protecting Academic Freedom | AAUP

Academic Freedom refers not to a student's freedom, but rather the instructor's. This freedom gives the instructor the freedom to teach with whatever methods they choose, to structure the class the way they choose, etc. I also found out this week that it allows instructors to screw their students over however they choose.

Academic Freedom - Jeff McFadden Import 2

Academic freedom ensures that colleges and universities are "safe havens" for inquiry, places where students and scholars can challenge the conventional wisdom of any field—art, science, politics or others.
