## **Dei 545t Install Manual**

The first step in installing the 545T Nite-Lite is to determine the polarity of the vehicle's parking light and headlight circuits. In most vehicles, both the parking lights and the headlights will be either positive or negative. However, there are some vehicles that use (+)12V to activate one circuit and (-) ground to activate the other ...

The solution I came up with to get automatic lights working was to install the DEI 545t Nite-Lite system. The DEI 545t is designed to be very universal and therefore, has pretty vague instructions. Installing it requires an understanding of how our headlight system works and how the DEI 545t operates.
