Keratoconus: Time to Rewrite the Textbooks Recent work is showing that many patients with keratoconus or post-LASIK keratoectasia are contributing to their own condition. The renowned historian and author Daniel J. Boorstin famously said: " ... the greatest obstacle to discovery is not ignorance—it is the illusion of knowledge."

### Keratoconus: Time to Rewrite the Textbooks

Several different tests can be performed to make the diagnosis. The test that is used most often is called topography. Topography measures the curvature of the surface of the eye and creates a colored "map" of the cornea. Keratoconus causes very distinctive changes in the appearance of these maps, which allows the doctor to make the diagnosis.
