Shopping Guide to Buying a Server for Your Small Business. Growth. It's the number one reason why small businesses end up re-evaluating everything from their office space, to their benefits packages. When a business grows, its needs change, and some of the most dramatic changes happen when a one-to-three person team grows to six or more people.

Lenovo offers more flexibility than any other major manufacturer of laptop computers, at least that I know of. Their "configure-to-order" (CTO) offerings let you build the computer you want, without paying for anything you don't want. The basic CTO includes the mainboard and CPU, but no RAM, disk, mini-PCI cards, software, or other add-ons.

Apple, HP, Lenovo, Dell and MSI have some that are better than the rest, but mind you, the margins are very thin and preferences are quite fickle. The reality is, it is getting harder to buy a laptop that isn't genuinely good. Even more so with the launches over the past few months, as the focus on laptops is back.
