It is a somewhat vexed interpretive question whether we should also ascribe to Nietzsche a particular view about the semantics of moral judgment, a topic about which no philosopher prior to the 20 th century had a worked-out view (see again Hussain 2013). For example, while it seems clear (from the passages quoted above) that Nietzsche has distinct views on the central metaphysical question about value, it seems equally apparent that there are inadequate textual resources for ascribing to ...

Nietzsche is, in other words, a victim of the very nihilism he diagnoses. Secondly, because of his failure to deal adequately with the question of Being, Nietzsche thinks there is an absolute opposition between Being and Becoming and hence, in Greek philosophy, an absolute opposition between Parmenides and Heraclitus.

Nietzsche and the question of interpretation - Nochrisis. Between Hermeneutics and Deconstruction Alan D. Schrift Preface This text arose out of a desire to work on a project that merged my two primary philosophical interests: Nietzsche's philosophy and hermeneutic theory. I saw in Nietzsche's various comments on interpretation an untapped resource for furthering our understanding of what happens when we interpret texts.
