HID's Make a Difference. Finally made the decision to convert my regular halogen bulbs to an HID kit. Due to hurricane Dorian, my order seem to have sat in limbo. Kensun customer service stayed in touch with me until we were able to regain tracking information. They even contacted me on the weekend to let me know that my kit had been delivered.

Philips makes a 4300k and 6000k kit. I'm assuming the 4300k isn't as intense bright as the 6000k, but puts a better light distribution on the road? Im not looking for fancy exotic bright colors. Just a HID that lights up the road the best. I've read on here a lot of guys like some of these 3rd party, ebay and no name HID kits.
