The reason is that the "art of the interview", and journalism in general, is not in books. Journalism is a profession where lessons are learned on the street, one masters the craft with experience. That's the real secret of the interview: do as many as you can to know what works for you and what doesn't.

The interview is the manner in which the voice of the often-unheard poor, and others affected by MDG issues, will be brought to a larger public. Unfortunately, many journalists believe interviewing is simply a matter of asking questions and taking down the responses. Often, we pay little attention to this important skill.
